

What you will find in our Common Profile of Tutors and evaluation?

Introduction

- The element of innovation is that this common profile will put more importance on psychological support as a solution for beneficiaries struggles

Specificities of digital training

- Online training requires the trainer to be able to captivate the student with interesting content, but it is also fundamental how it is presented before their eyes.

Methodology

- To map the profile of the digital trainer, surveys were conducted

Results–Digital Tutor/Trainer Skills

- Guidance for Digital Accessibility
- Skills and competences

Guidance for Digital Accessibility

Designing for users:

on the autistic spectrum

screen readers

low vision

physical or motor disabilities

deaf or hard of hearing

with dyslexia

Designing online courses to be accessible to all is a fundamental principle of open and equitable education. Legislation compels training organizations to ensure that all digital materials used on campus or online are fully accessible

Skills and competences

The following skills turned out to be the most relevant for a digital trainer/tutor:.

Communication skills

Digital competences

Organizational skills

Audience tracking skills

Creativity & Flexibility

Very good knowledge about the content of the Training

Skills & Competencies Based on the results of the questionnaire developed for the trainers and which was filled in by more than **66 tutors/trainers from 8 European countries!**

A large circular graphic in the top right corner, composed of many thin, parallel lines in shades of blue and white, creating a textured, woven appearance.
